

Cartographic Perspectives

The Journal of **nacis**

Number 106, 2025

ABOUT THE COVER

This month's CP cover features an illustrated map of the ZigZag Ranger District of Mt. Hood National Forest by artist Liz Cox. The map showcases the numerous wilderness zones and cherry picks her favorite rivers, lakes, and recreational areas within the District. The colors, whimsy, and detail, are Liz's love language, for representing her favorite spaces. You can find more about Liz and her work here: www.lccartography.com.
