about the cover

The cover design was created by Steven R. Holloway. Steven is with the Department of Geography at the University of Montana in Missoula, Montana.

This map is the first in a series of four reflecting on North 47° 56' West 110° 30' and on lines by Korzbsky; "A map is not the territory it represents, but, if correct, it has a similar structure to the territory, which accounts for its usefulness". The location of the series is the juncture of the Missouri and Marias Rivers near Loma, Montana. Cover scale is approximately 1:46200 with a west orientation. This is where on their westward journey, Captains M. Lewis and Wm. Clark "Camped the 2-12 of June 1805 to determine the proper river."
