

north american
nacis Annual Meeting
 2009
 cartographic information society
 EST. 1980

October 7–10
 Sacramento, California

Opening session speaker
Michal Migurski, Stamen Design

Michal is Partner and Director of Technology Stamen, and maintains an active blog about mapping and design.

Cartography • Maps • GIS • Education • Art • Design

Join mapmakers, map users, map librarians, and map enthusiasts in Sacramento, California this October to talk about the thing we love — maps!

You'll find the NACIS meeting is a great place to share research, recent projects, and expertise with colleagues from around the nation, the continent, and the world.
